

1. An Outline of Archive Material available on this Site

- (1) The archive materials available on this site had been researched and collected by a Research Team consisting mainly of local specialists, based on advice from a Research Committee of eminent specialists. This work has taken the form of a project titled “Research on Archive Materials related to Takeshima and Compilation of Materials,” commissioned by the Office of Policy Planning and Coordination on Territory and Sovereignty, Cabinet Secretariat. The purpose of the project has been to research and organize archive materials related to Takeshima (mainly held locally in Shimane Prefecture and elsewhere), create a catalog of archive materials and store digital image data.
- (2) Members of the Research Committee are listed at the bottom of this page.
- (3) Efforts to expand the material on the site will continue in the future.

2. Notes When Using the Site

- (1) The archive materials available on this site have been researched, collected and selected by a Research Team based on advice from the Research Committee under this commissioned research project, then assembled and organized in an easily understandable format.
- (2) The Research Team has been responsible for creating the content available on this site, as well as gathering and selecting material in this project based on advice from the Research Committee. The content of the site should not be construed as representing the views of the Japanese Government.
- (3) Archive materials are made available on this site with consent to public disclosure from the respective holding institutions.
- (4) Please contact the respective holding institutions directly for further details of the archive materials available on this site.
- (5) Document titles in parentheses have been added by the Research Team based on the content, to facilitate search process.
- (6) The date in parenthesis in the “Date created” is in parenthesis, it indicates a date estimated by the Research Team based on the content, when no date is specified in the document itself.
- (7) For materials copied or transcribed from original documents, the “Date created” refers to the original.
- (8) The catalog heading “Copies” refers to the number of pages of the digital image data attached to the catalog, excluding the cover.
- (9) The catalog heading “Holding institutions” refers to the institution where the

material was viewed and photographed. However, the material may also be held by other institutions. Even when material is confirmed to be held by more than one institution, only the institution where the material was viewed and photographed is listed as the “Holding institutions”

(10) Of the archive materials available on this site, parts that could potentially infringe the rights of third parties are not shown.

3. Notes When Using the Materials.
