

Appointment of international experts

November 29, 2011

Investigation Committee on the Accidents at the Fukushima Nuclear Power Stations of
Tokyo Electric Power Company (TEPCO)

With the accidents at the Fukushima Nuclear Power Stations of Tokyo Electric Power Company (TEPCO) attracting attention domestically and abroad, the Committee took the view that it was necessary to utilize the knowledge of experts, not only in Japan, but from overseas as well in preparing the reports of the Committee. Thus, the Committee has decided to appoint, in addition to the three persons whose names have already been announced, the following person to the position of international expert to provide advice from his unique perspective as a specialist in response to questions put by the Committee on the investigative activities of the Committee:

Prof. Chang Soon Heung

Professor at Korea Advanced Institute of Science and Technology (KAIST)

President of the Korean Nuclear Society

(Note)

Names of other appointed international experts (announced on October 28):

(1) Dr. Richard A. Meserve, President of the Carnegie Institution for Science

(2) Mr. Andre-Claude Lacoste, Chairman of the French Nuclear Safety Authority (ASN)

(3) Dr. Lars-Erik Holm, Director General of the Swedish National Board of Health and Welfare
